MAYHEM CHARGE MAY BE ISSUED IN HEWITT CASE

District Attorney Is
Ready To File The
Complaints

San Francisco, Jan. 10.—(P)—Assistant District Attorney August Fourier announced today mayhem complaints would be issued against Mrs. Marvyn Hewitt McCarter and two physicians if Ann Cooper Hewitt, 21-year-old heiress, would sign them.

Mrs. Hewitt has accused her mother of duping her into sterilization operation.

Russell Tyler, attorney for the 21-year-old heiress in her \$500,000 damage suit against Mrs. McCarter, her mother, said he would ask the girl immediately if she desired to sign the charges.

Mayhem is a felony punishable by imprisonment of one to 14 years.

The physicians named in Fourier's statement were Dr. Tilton E. Tillman, friend of Mrs. McCarter, and Dr. Samuel G. Boyd, who performed the operation at the mother's request.

Fourier's announcement said:

"This office has the police department will take a favorable and favorable reply to an application for warrants charging Drs. Samuel G. Boyd and Tilton E. Tillman and Mrs. Marvyn Hewitt McCarter with mayhem, a felony, punishable by imprisonment from one to 14 years."

The announcement was the result of a police investigation which began when Miss Hewitt filed suit last Monday.

Put Premium On
Good Markmanship

Covington, Ky., Jan. 10.—(P)—Kentucky law definitely puts a premium on good markmanship. Richard Garman, city attorney of Ludlow Ky., discovered to his surprise today.

Delving into the multiplicity of regulations governing residents of the United States he said he found Kentucky law makes it twice as grave an offense to miss a shot from ambush than to score a hit.

He quoted the law as saying if any person shall from ambush shoot at any person without inflicting a wound upon such person he shall be condemned to death for malfeasance not less than one year nor more than ten years."

But scoring a hit, when missed, brings into play instead the statute against malicious shooting and wounding, the penalty for which is from one to five years imprisonment. Evidence of a premium offered in the Kentucky legislature to the citizens of the state to encourage good markmanship.

YOUNG ROOSEVELT IS
NAMED IN TRUE BILL

Cambridge, Mass., Jan. 10.—(P)—Indictments were returned today charging Cornelius Van Schaack Roosevelt, 20, grandson of former President Theodore Roosevelt, and a college classmate with assault with a dangerous weapon in what the pair said was a bit of "relaxation."

The offense, a felony under Massachusetts law, carries a maximum penalty of ten years in state prison.

Young Roosevelt and Peter DeFiores, 21, of Pomfret, Conn., peppered two policemen and a Boston newspaperman with pellets from powerful air pistols. They were arrested Nov. 20 in their room in an exclusive club affiliated with Massachusetts Institute of Technology, where both are sophomores.

Judge Robert Walcott, declined to accept counsel's description of the affair as a prank and held both for the grand jury.

Weather

For Jacksonville and vicinity—Generally fair and colder weather is predicted for today. Sunday will be fair with rising temperature.

The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as high 28°, 37° and low 18°.

Barometer readings were: A. M. 30.01; P. M. 29.07.

Illinois: Generally fair and colder west and south, snow northeast Saturday; Sunday fair, rising temperature west and south portions.

Indiana: Cloudy, snow or rain east and north portions Saturday, colder south portion; fair Sunday, rising temperature southwest portion.

Missouri: Fair, somewhat colder Saturday; Sunday increasing cloudiness and somewhat warmer, possibly rain in northwest in afternoon.

Iowa: Fair, colder Saturday; Sunday cloudy and somewhat warmer, probably snow central and west.

First Big Allied War-Loan Brings \$9,550,000 Profit To J. P. Morgan Syndicate

By Richard L. Turner

Washington, Jan. 10.—(P)—A \$9,550,000 profit to the J. P. Morgan syndicate for underwriting the first big allied war-loan was revealed today by the Senate Munitions committee, coupled with a charge of high pressure tactics in selling the issue to the American people.

This development capped a furious battle of denial and accusation which had J. P. Morgan himself grimly slugging it out verbally with the committee on the latter's insistence that his firm influenced a reversal of American neutrality policy to permit the \$500,000,000 loan.

Repeatedly the influential baron of finance thumbed his indignation as Senator Clark (D-Mo.) persistently contended that the Morgans practically panned a panic in the Foreign Exchange Market to achieve their purpose.

"We don't use that parlance," answered Thomas W. Lamont, Morgan partner, who sat with the financier throughout the questioning. "It was a gigantic operation and we had to make a great effort in many directions."

Miss Lora Petefish Is Hostess To Clio Aid In Literberry

Program Committees Appointed For The Year; Other News Notes

Literberry, Jan. 10.—(P)—The regular meeting of the Club Aid Society of the Christian church was held on Thursday afternoon at the home of Miss Lora Petefish, with nineteen members and one guest present.

The meeting was opened with the business session which was in charge of the president, Mrs. Wilma Petefish. The scripture reading was a part of fifth chapter of Matthew. Prayer was offered by Mrs. Albert Crum. Mrs. O. L. Crum, the program leader, then charged her subject being "Pioneer Preachers." Roll call was answered by naming a famous pioneer preacher.

Two very interesting papers on the "Life of Barton Stone" were given by Mrs. O. L. Crum and Mrs. Harry Martin.

The hostess served lovely refreshments at the close of the program.

The present appointed the following committee for the different meetings of the year:

Flower—Mrs. Earl Myers and Mrs. Joy Brainer; Lookout, entire Aid membership; For Mothers' meeting, Domestic committee; Mrs. O. L. Crum; Mrs. Hardin; Lamukka; Mrs. Orsi Johnson; Mrs. Albert Crum and Mrs. Earl Myers; Program, Miss Lora Petefish; Mrs. Jess Petefish and Mrs. Guy Stice.

For Open Meeting—Domestic Committee; Mrs. Arthur Smith, Miss May Myers; Mrs. Earnest Decker and Mrs. Neal Sorrill; Program committee, Mrs. Harry Martin, Mrs. Ivan Gray and Mrs. Frank Dlinwidde; Comm. for the December pot-luck dinner, Mrs. Joy Brainer; Mrs. Logan Parry; Mrs. William Hull and Mrs. Howard Litter.

Program committee for 1937—Mrs. Wilma Petefish, Mrs. Clayton Castle, and Mrs. Orville Jokisch; Sales, Mrs. Arthur Smith, Mrs. L. H. Maul and Mrs. Wilma Petefish.

News Notes

Oliver Lindsey returned home Thursday from Monroe, Michigan, after spending several days with his daughter, Mrs. C. W. Eans who is a patient at Mercy Hospital there. Mr. and Mrs. Evans, who are residents of Detroit, were injured in an auto accident which occurred New Year's Eve near Monroe. Mr. Evans received a skull fracture and internal injuries from being thrown against the steering wheel with great force.

He failed to regain consciousness and passed away on Monday a short while before Mr. Lindsey reached his bedside. Mrs. Evans received numerous cuts and bruises and lost several front teeth. She is recovering nicely and expects to be able to leave the hospital in another week.

The condition of Harold Orr, who underwent an operation for appendicitis at Passavant hospital, remains about the same.

Mrs. Albert Crum and Mrs. Ivan Gray were dinner guests of Mrs. W. H. Crum and daughter Wilma on Wednesday.

Mr. and Mrs. Raymond Long and daughter Baylis were Thursday guests of Mr. and Mrs. Walter Long and family.

Friends here of M. A. Barr of California were glad to learn that relatives have received word that his condition is much improved.

John T. Samples had the misfortune to get a fall on the ice Thursday. Although he was badly shaken up, it will be several days before the extent of his injuries will be determined.

Mr. and Mrs. John Decker were callers in Jacksonville Friday afternoon and visited Mrs. Helen Bunting who is a patient at Passavant hospital.

Earl Ward is confined to his home by illness suffering with pneumonia. Ward was received here today of the serious illness of Mrs. Claude Keltner of Bloomington, Ill. She was a former resident here, her husband being pastor of the Christian church at that time.

Walter Long, Mr. and Mrs. Oliver Lindsey, Jane Sorrells and George Bunting were callers in Jacksonville announced today by Premier McMillon.

JOHN F. CONDON TAKES SHIP FOR LATIN AMERICA

Name Projected Anew In Lindy Kidnap Case

(Copyright, 1936, by The Associated Press.)

Trenton, N. J., Jan. 10.—(P)—Dr. John F. (Jafie) Condon boarded a ship for Latin America tonight even as his name was projected anew into the Lindbergh Kidnap case on the eve of a court of pardons hearing of Bruno Richard Hauptmann's clemency.

His departure from New York followed quickly on the disclosure by Governor Harold G. Hoffman that he had requested the original manuscripts of the famous Lindbergh intermediary's articles just started in a "Liberty" magazine.

But Attorney General David T. Wilcox declared Dr. Condon has permission of the state to leave. Governor Hoffman could not be reached immediately for comment on Dr. Condon's departure.

Further details were lacking because communication lines throughout the affected area were disrupted.

The Colombian government moved immediately to send aid to the distressed. Minister of Industries Martínez will leave by airplane early tomorrow for Pasto to direct relief work.

Wientz said Condon's daughter, Mrs. Myra Hacker, who sailed with him, telephoned him last week and asked if there was any objection to their leaving on their usual winter cruise.

"I saw no reason then why they shouldn't do so," Wientz said, "and I see no reason now."

Governor Hoffman, president of the court of pardons, revealing the request for Condon's magazine manuscripts, said he regarded them as "highly important."

Wientz said he had thought Condon already left when asked if he knew he was leaving today.

STERILIZATION OF INSANE IS STUDIED

Baltimore, Jan. 10.—(P)—A study of the advisability of enactment of legislation for sterilization of insane, imbecile and incompetent persons was recommended in a special report filed by the grand jury in criminal court today.

After referring to crowded prison conditions and constantly recurring crime, the report said: "We feel that if something can be done to deal basically with the problem presented by the unit, it should at least have careful study."

It recommended that representatives of the medical and legal professions, possibly augmented by members of the grand jurors association, make the study preparatory for submission of a sterilization measure to the state legislature.

State Employees Instructed To Support Horner

Jobs Depend On Their Public Support Of Governor Dan Sullivan Says

Springfield, Ill., Jan. 10.—(P)—State employees in code departments, under the control of Governor Horner, today faced the fact that their jobs depended upon immediate public support of the governor's primary candidacy.

They questioned were Frank Anton, 34, a hotel clerk; his brother Stephen, 23, and May Mason, a nurse.

First Assistant State's Attorney Wilbert F. Crowley said he was satisfied the Anton brothers had no connection with the slaying.

"They and Miss Mason have a perfect alibi," Assistant State's Attorney Marshall V. Kearney added.

Miss Mason was released and it was indicated the Antonos would be released after an interview with Police Capt. Martin McCormick.

Frank Anton's wife, Valerie, 22, a nurse, died last Jan. 1, the day before Dr. Peacock was killed by a frenzied assailant, Dr. Herman A. Jacobson, coroner's physician, reported he had found evidence of an operation to avoid maternity after the woman's death.

But Frank Anton stated he had never heard of Dr. Peacock. Dr. Jacobson said the slain physician's name had not been mentioned at the inquest into Mrs. Anton's death. The inquest was continued to Jan. 16.

Anton's mother told investigators her son had remained in her apartment on the night of the Peacock assassination.

Chaplain—Nellie Ebrey.

Refreshments were served at the close of the meeting.

Foreman Talks At Light Plant Meet

Issues Discussed In First Ward Meeting; Plan Monday Session

Orville Foreman was the principal speaker at the Municipal Light Plant meeting held at the Jefferson school in the First Ward last night.

Speakers on the program included Bernard Doolin, Charles Warzar, Alderman Ralph Green, Dr. J. U. Day, J. W. Baptist and several others.

Mr. Warzar read a letter from Alderman John Early, who was in Chicago attending a banquet of the A. C. W. A. He also read a resolution which had been adopted by the Jacksonville Trades & Labor Assembly which approved the light plant project.

John W. Merrigan presided at the meeting.

It was announced at the meeting that there will be a gathering at the Lafayette school in the Second Ward on Monday evening.

SIGNS REQUISITION

Springfield, Ill., Jan. 10.—(P)—Governor Horner signed requisition papers today for the return of George Steele from Calsonville, Md., in connection with the abduction and robbery of Mr. and Mrs. Harold Henderson at Rushville last August 17.

Friends here of M. A. Barr of California were glad to learn that relatives have received word that his condition is much improved.

John T. Samples had the misfortune to get a fall on the ice Thursday. Although he was badly shaken up, it will be several days before the extent of his injuries will be determined.

300 KILLED BY EARTHQUAKE IN S. W. COLOMBIA

Several Villages Are Swallowed Up By Landslides

Bogota, Colombia, Jan. 10.—(P)—A destructive earthquake, followed by landslides which swallowed up villages, killed between 200 and 300 persons in southwestern Colombia, dispatches said tonight.

A much greater death toll was feared. A widespread area was affected and it is heavily populated.

More than 200 men, women and children were buried alive in one hamlet alone, dispatches reported, that of La Chorrera, in the vicinity of Tumaco.

The violent earthquake last night shook all of Narino department, dispatches said from Pasto, the capital.

At least 36 persons were killed in the two of Tumaco and the villages of Sapuca. Alban and Pinzon were destroyed. Landslides followed the quake.

Three Persons Held For
Questioning Furnish
Perfect Alibis

Chicago, Jan. 10.—(P)—Another avenue of investigation in the enigmatic murder of Dr. Silber G. Peacock was closed to police tonight with the announcement that three persons held for questioning had furnished a "perfect alibi."

Those questioned were Frank Anton, 34, a hotel clerk, his brother, Stephen, 23, and May Mason, a nurse. First Assistant State's Attorney Wilbert F. Crowley said he was satisfied the Anton brothers had no connection with the slaying.

They and Miss Mason have a perfect alibi," Assistant State's Attorney Marshall V. Kearney added.

The Best Advertising

A survey conducted from coast to coast reveals the fact that 5,000 persons, representing a cross-section of American public opinion, agree by a large majority that newspaper advertising carries the greatest appeal, inspires more confidence, and provides more needed information about the products advertised, than does any other form of reaching the market.

The announcement of these findings bears out what newspaper men have always known and what newspaper advertisers have always recognized as true. The consistent user of newspaper space is convinced of its value, because he can get to his public with a more vivid message and say it often than in any other way.

A newspaper reader has time to digest the contents of an advertisement. Eighty per cent of those questioned in the survey agreed that they obtained helpful ideas from reading ads. If people read an ad carefully enough to obtain ideas, they certainly get the main message, which is designed to sell the product.

A local advertiser recently tested the value of a press message. He used the newspapers exclusively to advertise an event in his store, and crowded the establishment with 1,500 visitors. That should be evidence convincing enough for anyone.

To cease from any motion or action is what the "Stop" on signs at dangerous cross streets mean and not, as too many motorists interpret it, to hesitate or to slow down or to blow the horn and harge ahead.

The Arenzville Road

Discussion of surface material for the new Concord-Arenzville road is now on. Residents of the county are formulating a petition to Governor Horner, asking that concrete slab be put down. The importance of the road certainly merits a hard surface. A count has been made of motor vehicles using the route, and at least 450 cars and fifty trucks traverse it each day. This is sufficient traffic to warrant concrete construction.

People of this city, Arenzville and Concord have been working for years to secure a hard-surface road. When the booster campaign got under way last year, it was understood that an 18-foot slab would be laid from Concord to Arenzville and that the nine-foot slab from Concord to Route 104 would be widened to make a regulation highway over the entire route.

The state constructed a gravel road from Arenzville to Beardstown, which has not been found satisfactory, residents of Arenzville say. A good portion of the new road would lie thru hills, where gravel construction would be easily washed out. The maintenance cost would soon wipe out any savings in original costs. A concrete road would be much more satisfactory and permanent, and could be maintained at a minimum cost. The people living in that section of Morgan and Cass counties deserve a concrete road, and the traffic warrants it.

No Need to Cater

Apparently there is no longer any necessity for the state of Illinois catering to Washington in the matter of passing laws demanded by the federal government. Governor Horner is still opposed to the "home rule" clause in the pension bill, on the ground that Washington may not like it and will therefore withhold funds.

But the refusal of Washington to extend further relief to this state after agents of the relief administration had misfigured the need and "shorted" 65,000 families that should be on WPA employment, is evidence that the state is no longer in line for favors.

There is surely no need for further loyalty in trying to meet wishes of the administration for centralized power in the pension setup. The "home rule" clause permitting county judges to appoint pension boards should be left in the bill now that the Senate has replaced it. It is about time some of the power of ruling this country should be returned to local government.

County judges are more capable of knowing who should serve on home boards than a designated authority in Springfield could ever be.

Pension boards directly under state control would form a vast political machine, which would suit Washington, but might not be acceptable to the folks at home.

The Race For Governor

Hats are being tossed into the Republican gubernatorial nomination ring as if the pre-primary election campaign marks the end of the hat-wearing season. To date there are eight avowed candidates in the race and it is expected others will announce later.

It would be fine for the voters to have a chance to take their pick from a large selection of candidates if there was assurance that the best man would be nominated. Too often in a large field of candidates the votes are so divided that a political machine or clique representing only a small minority names the winner. Former Governor Len Small was nominated in 1932 by obtaining only a small per cent of the votes and his defeat in the ensuing election was overwhelming.

Republicans have a splendid chance to elect a candidate for governor and it behoves them at this time, when a return to good government is needed, to use the utmost care in the selection of a candidate and nominate a man who has the confidence of the people.

The name of one candidate who in our opinion should be given serious consideration in the gubernatorial race is C. Wayland Brooks of Chicago. Mr. Brooks made formal announcement of his candidacy yesterday.

Mr. Brooks' name is well known throughout Illinois. When the Democrats were at the peak of their power and there was a distinct hesitancy on the part of Republicans to become candidates Mr. Brooks was one of the few who campaigned up and down the state, a candidate for Congressman-at-Large, and defeated the other three candidates, both Republican and Democratic in the 101 downstate counties.

Mr. Brooks' early life is well known. Born the son of a minister in a small town in central Illinois his life's history is a series of successes gained thru the appliance of a brilliant mind to the tasks that confronted him.

To know him is to be impressed by his sincerity and frankness. He is young enough to vigorously carry on the business of the governor's office yet old enough to have a thorough understanding of state's affairs. At a time when the general public sorely needs new leaders Mr. Brooks should certainly be given sincere consideration.

A local advertiser recently tested the value of a press message. He used the newspapers exclusively to advertise an event in his store, and crowded the establishment with 1,500 visitors. That should be evidence convincing enough for anyone.

To cease from any motion or action is what the "Stop" on signs at dangerous cross streets mean and not, as too many motorists interpret it, to hesitate or to slow down or to blow the horn and harge ahead.

The Arenzville Road

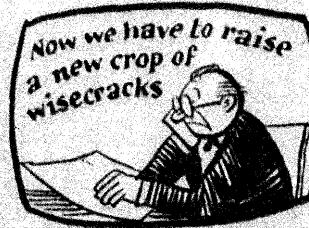

Maj. Gen. Smedley Butler served his country long and well as a fiery leader of marines. Retired, he continues to serve it by speaking blunt truths about the business of war.

His remarks at the recent Congress Against War and Fascism are worth pondering. He declared that war is a racket; and he explained that, in turn, as follows:

"A racket is best described as something that is not what it seems to the majority of the people. Only the 'inside' group knows what it is about. It is conducted for the benefit of the very few at the expense of the very many."

That says it pretty neatly. May General Butler continue to make speeches like that, all up and down the land!

BARS

One of the bright sides to the AAA decision—it will probably put an end to all those jokes about plowing things under.

"Lindbergh seeks peace in England. And if he stumbles upon it, won't John Bull's face be red?"

We're trying to figure out what Al Smith was always warring happily about, now that he passed up a chance to enter the White House.

"Chicago police trap gang leader, 10 with paws." The force undoubtedly is jubilant over the double haul.

The expression, "Okeydokee," is frowned upon by certain U. S. business executives. Latest reports, however, reveal Okay Duce is still popular in Italy.

Behind The Scenes In Washington

F. R. Will Do Most of the 'Ball Carrying' in Democrat Drive

By RODNEY DUTCHER
Journal-Courier Washington Correspondent

Washington — Roosevelt will make many more speeches this year and most of them will be "fighting speeches" after the manner of his address to Congress.

That address was the kickoff of the campaign and the president has decided that he will have to carry the ball and make the gains himself. He will be supported from other New Deal orators to help equalize the pressure of constant Republican attack, but it will be of distinctly secondary importance. F. R.'s friends speak of a "one-man campaign."

Secretary Ickes and probably Harry Hopkins will be among the other pieces of New Deal heavy artillery. They like to fight and they know how.

There's a demand for a strong eastern Irishman to "take care of" Al Smith and the Irish in New York and New England.

Speech F. R.'s Own Work

"The 'Skipper' wrote it himself," insist the insiders.

Usually when such a speech as this address to Congress is to be made, a half dozen important fellows in the administration throw their contributions into a hopper and Dr. Raymond Moley talks it over with the president, mulls over the material, and makes a literary document on which the president reads copy and makes revisions. Then the group of "ghosts" eagerly awaits the final draft, to see how many of their precious paragraphs were left in as written.

This time Moley's job was almost confined to a couple of comas. Instead of writing the first draft, as usual, he merely looked it over. He may or may not have suggested that it didn't exactly chime with his own hymns of New Deal-Big Business conciliation, which being long has been singing at Roosevelt's behest.

Roosevelt had literally locked himself in for nearly a week to bat out the document. Members of that small inner group, any one of whom can get in to see Roosevelt virtually at any time, found great difficulty in reaching him.

One or two were permitted to suggest ideas, but the only authentic instance of a contributor seems to be that of Administrator Morris L. Cooke of the Rural Electrification Administration.

Cooke had sent his friends a New Year greeting card inscribed with some inspirational paragraphs of the Prof. Josiah Royce, Harvard philosopher. Roosevelt seized on those paragraphs and made them the final words of his text.

It was the second speech Roosevelt had written almost single-handed in recent weeks. The other was the one he made at the Georgia homecoming celebration.

AMERICANS THE TOP

People's Editor:

In a recent editorial, which was quite hysterical concerning the Lindberghs, the statement was made that the criminals and racketeers were "all aliens."

Melvin Purvis, late of G-men activities, has this to say: "There has been a tendency among the casually informed that most of our desperate criminals are recruited from the racial groups of southern Europe. The fact is that most of the top-flight hoodlums of the Middle West were 100 per cent American boys with no foreign background whatever. This was true to the Dillinger outfit. It is also true of the Barker-Karpis gang."

How about it? VERITAS.

Twelve Farmers to Start Bookkeeping

Attend School for Opening Account Books; Thirty Get Audit Service

Twelve Morgan county farmers appeared at the school for beginners in keeping farm accounts, which was held Thursday afternoon. These men were given account books and instructed in the methods of keeping accurate records of all farm activities. W. C. Cunningham of the I.A.A. auditing service is checking over the books of thirty farmers in the county who have kept records during the past year. All books are properly audited and farmers are given pointers on how to conduct the business of keeping records. The work was completed yesterday.

Civil Service Is Discussed At Meet Of Voters League

Henry P. Chandler Addresses County L. W. V. Members Here Last Night

Henry P. Chandler of Chicago addressed the Morgan County League of Women Voters last night in MacMurray Music Hall auditorium on the subject, "The Present Status of Civil Service in Illinois." Mrs. Hugh Beggs was the presiding officer of the open meeting.

The program was part of a nationwide campaign which is being waged by the League to arouse public opinion on the need for better personnel standards in the selection of administrative officials in government.

Mr. Chandler at present active in state civil service reform work, stated in his address that the most noticeable trend in modern government was the increase of public employees. The total number in the U. S. at present is equal to the population of Chicago.

He pointed out that this trend must be accepted, but whether it would prove a blessing or a curse depended on the future standards upheld and altered for the incumbents of the offices. In this connection, Mr. Chandler strongly advocated the merit system as a basis of employment for public service.

The first civil service law in Illinois was introduced in 1905 and applied only to certain charitable institutions. In 1911 the practice was enlarged to include 80 per cent of state employees.

Enumerates Defects

The speaker enumerated some defects in the state civil service laws as being the exemption of too many positions such as heads of institutions, highway engineers and police and the veterans preference policy which often worked against the veteran seeking public office.

The administrative defects of the civil service was described as being more apparent than the legal flaws, stating, however, that the gubernatorial choices in the upper brackets are usually without criticism. He cited several instances in which Gov. Horner had disregarded party lines in order to select the best individual for the job.

However, Mr. Chandler pointed out that in the lower brackets, civil service had been subject to abuse by both parties. It was his contention that there had been no effort to enforce the merit system in Illinois since 1921.

At the close of the meeting, the campaign being waged for better personnel in government was briefly described by Mrs. Orville Foreman, state chairman of the campaign. The national radio program was announced for January 29 from 9:30 to 10 p. m. when Secretary of the Interior David C. Roper, Mayor Fiorella La Guardia, Governor (Mich.) Frank Fitzgerald will give short addresses.

SOFT COAL BRIQUET MAY SOLVE PROBLEM OF SMOKE NUISANCE

St. Louis—(P)—A product which may have possibilities in solving the soft coal smoke problem was being considered by a group of Belleville, Ill., business men today.

The fuel, in the form of a briquet, was developed from Belleville soft coal screenings in the University of Illinois laboratories of the Illinois Geological Survey.

Dr. M. M. Leighton, survey chief, demonstrated it to the business men's group here last night. Smoke yielding parts were removed. Mr. Leighton said, by heating to 400 degrees Fahrenheit, then cooling to 300 degrees. He said the fuel can be made either from screenings or mine run coal, pulverized and processed.

Garden Steps Out Of Future Battles

Will Not Attempt to Build Up Any Fighters

New York—(P)—The Hank Bath Red Burman fight, scheduled for tonight, is finally off along with the whole card and several other fights shown planned by Madison Garden.

Irked at the New York State Athletic commission's refusal to grant Bath and his manager, Jack Kearns, licenses in time for the California heavyweight to meet Jack Dempsey's protege, Col. John Reed Kilpatrick, Garden president, decided on a sharp curtailment of the organization's boxing program.

Hereafter the Garden will stage only outstanding ring attractions and will not try to build up new men in the arena.

PUBLIC LIBRARY NOTES

The number of books circulated from the Public Library during the month of December was 10,489. Of this number 3,419 were circulated from the Adult Department, 3,539 from the Children's Room, and 1,531 from the School Collections. There was an increase of 294 over the number of books circulated during December of last year.

The figures ran as follows: Fiction 5,198; Sociology 1,318; Fine Arts 702; Travel 392; Science 472; Magazines 471; Literature 466; Biography 413; History 392; Useful Arts 204; Rentals 168; Religion 100; Philosophy 56; Languages 15; General 8; Pamphlets 7.

Borrowers registered during the month numbered 112.

Books added during the month totalled 183 and were distributed as follows: Ninety-three in the adult department, 48 in the children's room and 42 in the school collections.

During the month of December the library purchased books to the amount of \$337.29 from its total allotment of \$887.29 from the State Library Relief Fund. Most of these books have been received and are being prepared for circulation as rapidly as possible. Many very much needed books are being added to the library in this manner.

Some interesting titles added during the month are: Modern Art, by Thos. Craven; Abyssinia on the Eve, by Ladislas Farago; Rio Grande, by Harvey Ferguson; Seven Pillars of Wisdom, by T. E. Lawrence; Constitutional History of the U. S., by A. C. McLaughlin; First to go back, by Irina Skarlatina; War in the modern world, by Newton D. Baker; Travel Cortez through Mexico, by Harry A. Franck; Forty Years for Labrador, by Sir Wilfred Grenfell; and Our Master's Voice, by James Rorty.

At Monday MeetingWill Address Open Session of
the Jerseyville Club at
Baptist Church

Jerseyville—The annual open meeting of the Jerseyville Woman's Club will be held Monday evening, January 13th at 6:30 o'clock at the Baptist church. All the women and men of the community are invited to attend the session, according to an announcement made by Mrs. R. Leo Smith, president of the group.

The committee in charge of the banquet is composed of Mrs. W. T. Summer, Mrs. H. G. Neely, Mrs. Walter A. Leigh, Mrs. George Bell and Mrs. W. B. Tietort.

Representative Hugh Green of Jacksonville, will be the principal speaker of the evening. He has appeared on programs here on former occasions and his addresses are always enjoyable.

Missionary to Speak

Rev. Carl Tanis who for over ten years has been a missionary in the Sudan Interior Mission in Nigeria, West Africa, will speak both morning and evening at the Baptist church of this city Sunday, January 12th.

Three years ago Rev. Tanis visited Jerseyville and spoke to a capacity audience at the church. Due to a physical condition which is the result of a tropical disease contracted while in Africa, Rev. Tanis has been forced to give up his missionary work on that continent. Five inches of his spine were eaten away by the disease and for over a year he hovered between life and death.

Rev. Tanis has with him an interesting display of curios collected during his sojourn in Africa.

To Install Officers

The newly elected officers of Hickory Grove Camp, No. 442, Modern Woodmen of America will be installed on next Monday evening, January 13th at 7:30 o'clock.

Charles A. Meekelton will be the installing consul and Otto Davenport will be the installing escort. After the installation ceremonies, refreshments will be served.

PORK TASTES BEST
IF COOKED SLOWLY

Milk Dishes Should Accompany This Meat

BY MARY E. DAGUE
NEA Service Staff Writer

The loin pork chop is the choicer, containing, as it does, the tenderloin on the underside of the bone. Not only is it juicy, tender and of excellent flavor, but there's less waste in bone and fat than in other pork chop cuts. For these reasons, loin chops usually are somewhat higher in price than rib and shoulder chops.

Next in desirability is the rib chop, juicy and of good flavor but minus the tenderloin on one side of the bone.

Then comes the shoulder chop, which is larger but of darker-colored meat and with more bone.

The rib and loin chop can be cut single or double. Double chops are especially nice for stuffing and baking. On account of the thickness of the meat, they take longer to cook than single chops.

Tomorrow's Menu
BREAKFAST: Stewed figs with orange sections, cereal, cream, fried mush with maple syrup, milk, coffee.

LUNCHEON: Parsnip chowder, egg and lettuce sandwiches, chocolate cup cakes, canned white cherries, milk, tea.

DINNER: Stuffed pork chops, twice baked sweet potatoes, creamed celery, jellied tomato salad, apple snow with custard sauce, milk, coffee.

Always cook all pork products at a low temperature.

How to Grease Skillet

Panned chops are cooked in the frying pan on top of the stove. Trim off enough fat from the edges of the chops to lightly oil the frying pan. In other words, rub the bit of fat over the surface of the pan until it looks very shiny but there is no surplus of fat. Add chops and sear lightly first on one side and then on the other. Sprinkle salt and pepper on both sides after searing, allowing about 1-2 teaspoon salt for each chop—1-8 teaspoon to a side. Now cover the spider, reduce heat and cook slowly until done, about twenty minutes for single chops and thirty minutes for double ones.

When a meal is built around pork chops, it's a good idea to include one vegetable in a cream sauce unless there is milk gravy. Creamed celery is a good vegetable to serve with pork. Use the coarse outer stalks for cooking and save the tender hearts for relish next day.

Stop at Crossings,
Say Vehicle RulesAuto Club Publishes More
Provisions of Law; Roads
North Icy

The Jacksonville Automobile Club is carrying on an educational campaign to acquaint drivers with the highway laws. A number of these rules already have been published. The Auto Club directs attention to the following laws:

Whenever a vehicle approaches a railroad grade crossing, and a clearly visible electrical or mechanical device gives warning of an immediate approach of a train, the driver of such vehicle should stop within fifty feet and not less than ten feet from the nearest track of such railroad.

The driver of any motor vehicle, when traveling upon a down grade, should not coast with the gears of such vehicle in neutral.

No person shall drive any motor vehicle with any sign, poster, or other non-transparent material, which obstructs the driver's view of the highway, upon the front windshield, side-wings, side or rear windows of such vehicle.

No vehicle may be operated upon the highways of this state unless equipped with a windshield wiper.

No vehicle, operated upon the highways of this state, may be operated unless equipped with a mirror so located as to reflect to the driver any vehicle on the highway for a distance of two hundred feet to the rear of such vehicle.

Roads in northern Illinois are quite slippery due to packed snow and ice on the pavements. From Bloomington south, there is no ice but snow falling yesterday may cause some trouble if it gets any colder.

The favored route to Hot Springs, Ark., is via Cape Girardeau and West Memphis. This is an all paved route. On the route to Florida there is a detour between Nashville and Chattanooga on US-41. This detour is paved but quite rough and adds about 24 miles to the distance. To avoid this stretch the route via Birmingham and Montgomery is recommended.

Due to ice in the river at Shawneetown, Illinois, has ceased operating until further notice. To cross the Wabash river, the Vincennes and New Harmony bridges may be used at all times. Crossing the New Harmony bridge shortens the distance between Jacksonville and Evansville by approximately 15 miles.

Travel to California at this time of year is safest via the southern route, going either through Arkansas or Oklahoma to Fort Worth, Texas and thence through El Paso, and Tucson or Phoenix, or both. Optional routes from Phoenix to Los Angeles are via Yuma or Blythe. The 38 mile detour that was in effect east of Van Horn, Texas on US-60 has been eliminated.

The route via Kansas City and thence through Topeka, Colorado and Santa Fe, New Mexico. However, there is more likelihood of encountering snow and cold weather via this route than over the southern route.

Due to constantly changing weather, conditions frequent inquiry should be made at local A.A.A. clubs.

EGYPT TO PROTEST

AMBULANCE BOMBING

Cairo—(P)—The Egyptian government decided today to protest formally to Italy against the bombing of an Egyptian Red Crescent ambulance unit near Daghah Bur, on the southern Ethiopian front.

Egyptian government communiques had announced the "whole town" of Daghah Bur and its Egyptian Red Crescent unit, corresponding to the Red Cross of other nations, were destroyed in an Italian aerial bombardment Jan. 4.

The number of victims, if any, was not estimated.

The Tironian Club of MacMurray College entertained the Home Economics club at a party last night in the social room. Doris Steinmetz, president of the Tironian club welcomed the guests. Miss LaVeda Rodenburg, a teacher in the Springfield high school, gave an interesting account of her trip to Europe. Evelyn Laner played two piano selections, "Home Sweet Home" and "All the World Over."

Faculty guests besides Miss Anna Bell Crum, adviser of the Tironian club, Miss Grace Tickel and Miss Empie Henry of the Home Economics department included Dr. and Mrs. C. P. McClelland and Miss Freida Gamper.

Stop at Crossings,

Provisions of Law; Roads
North Icy

The Jacksonville Automobile Club

is carrying on an educational campaign to acquaint drivers with the highway laws. A number of these rules already have been published. The Auto Club directs attention to the following laws:

Whenever a vehicle approaches a railroad grade crossing, and a clearly visible electrical or mechanical device gives warning of an immediate approach of a train, the driver of such vehicle should stop within fifty feet and not less than ten feet from the nearest track of such railroad.

The driver of any motor vehicle, when traveling upon a down grade, should not coast with the gears of such vehicle in neutral.

No person shall drive any motor vehicle with any sign, poster, or other non-transparent material, which obstructs the driver's view of the highway, upon the front windshield, side-wings, side or rear windows of such vehicle.

No vehicle may be operated upon the highways of this state unless equipped with a windshield wiper.

No vehicle, operated upon the highways of this state, may be operated unless equipped with a mirror so located as to reflect to the driver any vehicle on the highways for a distance of two hundred feet to the rear of such vehicle.

Roads in northern Illinois are quite slippery due to packed snow and ice on the pavements. From Bloomington south, there is no ice but snow falling yesterday may cause some trouble if it gets any colder.

The favored route to Hot Springs Ark. is via Cape Girardeau and West Memphis. This is an all paved route.

On the route to Florida there is a detour between Nashville and Chattanooga on US-41. This detour is paved but quite rough and adds about 24 miles to the distance. To avoid this stretch the route via Birmingham and Montgomery is recommended.

Due to ice in the river the ferry at Sherrill, Illinois, has ceased operating until further notice. To cross the Wabash river the Vincennes and New Harmony bridges may be used at times. Crossing the New Harmony bridge shortens the distance between Jacksonville and Evansville by approximately 15 miles.

Travel to California at this time of year is safest via the southern route, going either through Arkansas or Oklahoma to Fort Worth, Texas and thence through El Paso, and Tucson or Phoenix or both. Optional routes from Phoenix to Los Angeles are via Yuma or Blythe. The 38 mile detour that was in effect east of Van Horn, Texas on US-80 has been eliminated. The route via Kansas City and thence through Trinidad, Colorado and Santa Fe, New Mexico. However, there is more likelihood of encountering snow and cold weather via this route than over the southern route.

Due to constantly changing weather conditions, frequent inquiry should be made at local A.A.A. clubs.

EGYPT TO PROTEST
AMBULANCE BOMBING

Cairo—(P)—The Egyptian government decided today to protest formally to Italy against the bombing of an Egyptian Red Crescent ambulance unit near Daggah Bur, on the southern Ethiopian front.

Ethiopian government communiques had announced the "whole town" of Daggah Bur and its Egyptian Red Crescent unit, corresponding to the Red Cross of other nations, were destroyed in an Italian aerial bombardment Jan. 4.

The number of victims, if any, was not estimated.

Pneumonia Causes Death of
Jacksonville Man; Serv-
ices Sunday

Glen E. Standley of this city passed away at 4:45 o'clock yesterday morning after a brief illness from pneumonia. He had been ill since January 1.

Mr. Standley was born in the Joy Prairie neighborhood northwest of Jacksonville, Sept. 11, 1893, a son of Edward and Grace Standley. He was united in marriage with Estelle Bourn, Dec. 10, 1919.

Surviving are his wife; two sons, Maynard Bourn Standley and Clarence Edward Standley; his parents, Mr. and Mrs. Edward Standley, and the following brothers and sisters: Mrs. Carl Beddingfield, Fred and Walter Standley; Mrs. Dwight Kershaw, Roy and Russell Standley, all of Morgan county.

Mr. Standley was a veteran of the World War, serving overseas with Company L, 22nd Engineers.

He was engaged in farming until five years ago when he moved to Jacksonville. For several years he was employed by the Shell Oil Company.

The decedent was a member of Grace M. E. church.

The remains are at the Williamson Funeral Home. Funeral services will be held Sunday afternoon at two o'clock at Grace church, in charge of Dr. F. A. Havighurst.

Explains How Tests Can Be of Aid in Selecting Vocation

Dr. Miller of I. C. Faculty in Interesting Talk to Rotary Club

Dr. Eleanor Miller, professor of psychology at Illinois College, was the speaker at the Rotary Club meeting yesterday, her subject being "Vocational and Intelligent Tests."

Dr. Miller was introduced by Dr. S. N. Clark, chairman of the program committee.

Dr. Miller stated that the vocational test is given to students in an effort to aid them in selecting a vocation, which is not an easy task for boys and girls.

The speaker said that an effort is made to find out what the boys and girls appear to be interested in, second if they are capable and third if the student can select an available job.

Dr. Miller stated that an intelligence test was given sixteen pupils at a college. The professor giving the test predicted that practically the entire group would never finish college. A checkup showed after four years that two of the students dropped out in their first year, eleven did not have sufficient credits to remain in college the second year, while three had acceptable records. One dropped out because of finances, one girl finished the second year and secured employment in a country school, while only one student graduated. This gave the professor a mark of 87 per cent in his prediction.

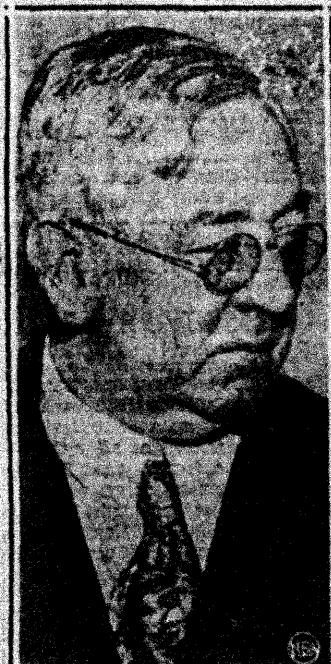

Guests of the club yesterday were Dr. H. C. Jaquith, Leavitt Arnold, M. G. Craig, Robert Conover of Galesburg and T. E. Williams of Moberly.

TREASURY SURPLUS

Springfield, Ill. — (P) — The state treasury's general revenue fund, into which the legislature is ready to dip to get money to meet part or all of the present relief crisis, today had a surplus of approximately \$15,000,000.

One couple of every three in the United States is childless.

Sued by Heiress in Sterilization

Dr. Tilton E. Tillman (above) of San Francisco is said to have recommended the sterilization operation on which Ann Cooper Hewitt, heiress, bases her \$500,000 damage suit which names him, her mother, the surgeon who performed the operation and a psychiatrist who reported her to be feeble minded.

Patrol Club Learns Of Police Activity

Boys Hear Talk on Seriousness of Crime; Will Discuss a Series of Subjects

Members of the Patrol club of the Junior High school, which is sponsored by Mrs. L. M. Zastrow, assembled in the city council chamber yesterday morning and listened to talk by Police Sergeant George Vasconcelos. This was the first of a series of such talks, and dealt with general police activities. Later the subjects of traffic identification and other phases of police work will be discussed.

In the talk yesterday morning the boys were informed of the seriousness of crime and the gravity of coming to grips with the law. They were told that it does not pay to be bad, and that sins against the state will usually bring the sinner to justice.

The boys in the club are for the most part members of the school traffic patrol and are on duty daily to protect children crossing the streets when school traffic is heaviest.

Funeral of Wm. J. Shackelford Held

Fourth Accident Victim in Six Days is Buried in Carrollton Thursday

Carrollton, Ill.—Again the funeral knell was heard in Carrollton Thursday for the fourth time in six days, as funeral services were held for William Jennings Shackelford at the Simpson Funeral Home at 2 p. m. Rev. W. D. Thomas, pastor of the local Baptist church, assisted by Rev. W. Marion Rowlen of the Christian church conducted the rites.

Nita Ford, accompanied by Mrs. Richard Giller sang "The Old Rugged Cross."

The bearers were Gilbert Ashlock, Donald Greaves, John Hubbard, Edgar Bowie, Howard Carter and Robert Chapman.

The flowers were borne by Misses Louise Varble and Edna Bowman. As in the case of the two preceding crash victims' services, the funeral cortège was very large and the floral offerings were many and beautiful.

It is estimated that there are 30,000 radio receiving sets in Portugal, although there are no broadcasting stations in that country.

WHAT THE MUNICIPAL PLANT WILL DO BENEFITS TO ALL! AN ASSURED REDUCTION IN RATES

The Federal Government required proof that rates could be reduced by the construction of the Municipal project here before the grant and loan were ever allowed.

Competition always reduces rates. The absurdity of the contention that rates would be increased by Municipal operation here is apparent when you consider the competitive feature of the proposed project. Rates must be as low or lower than the rates of the private utility with which the city is competing or the city could not secure customers. In passing it should be noted that not one of the examples cited by the opposition is a competitive system. Competition in Springfield saves its citizens several hundred thousand dollars annually.

The elimination of holding companies, watered stock and a colossal capital structure inevitably will reduce rates over anything the PRIVATE COMPANY NOW OFFERS OR PROMISES.

Under the Ordinance before the people there will be nothing else to do with the surplus over operating expenses and amortization of certificates and interest except to reduce rates.

A Stimulation of Business and Industry

A fair price to business men without the pointless and discriminatory "demand charges" which allow the private Utility at will and arbitrarily to decide the amount paid by each business man, will cut down the fixed overhead expenses of Jacksonville retailers and put them on a better basis for competing with merchants in the nearby city of Springfield where rates are much lower. The payroll at the plant during and after construction will also stimulate local business. An adequate supply of power at moderate prices will be an attraction to new industries.

EMPLOYMENT OF LABOR DURING CONSTRUCTION

Over \$100,000 in actual wages for the laborers of Jacksonville will be spent on this project. This it is estimated will be equivalent to continuous employment for more than 125 men for 6 months. The well-recognized need for employment in our community demands an affirmative vote on this proposition. This is an opportunity to reduce the relief rolls in our county materially without any obligation to the taxpayers. It will give men an opportunity to support their families independently.

EMPLOYMENT OF LABOR FOR OPERATION

With the Municipal Light Plant in operation, additional permanent employment will be created which will do much to stabilize the unemployment situation in this community. No opportunity of creating permanent employment should ever be disregarded by a forward looking and progressive community.

Reduction of Cost of Street Lighting, Sewage Treatment, Lighting of Public Buildings and Other Municipal Uses

In general cities which own their own light plants either (1) Sell current for municipal purposes to the city at cost, while they are paying for their plants or (2) furnish free current for all municipal purposes where this can be done without raising rates. This is a direct benefit to the taxpayer. Many plants are even able to furnish current for public schools, and some give current for porch and other outside lighting. The city of Jacksonville at present pays almost \$4000 a year to the Illinois Power & Light Co., for extra current for municipal purposes, over and above that furnished by our own present plant. The public schools pay about \$1500 per year. These charges at the least will be materially reduced by the construction and operation of the proposed plant.

No More Beardstown After
This Year, Coach Says
After Game

Beardstown, Jan. 10.—There will be no more Beardstown tournament for Jacksonville high basketball teams after this year. Coach Frank Walker declared here tonight after the Crimsons had dropped a heartbreaking battle with Beardstown 23 to 21. The Crimson mentor refused to state why the Crimsons would not accept any more invitations to enter the Beardstown tournament, but declared he had "enough."

His statement, made in the dressing rooms after Beardstown had overcome a four point Jacksonville lead in the last quarter to snatch the decision, followed a hectic finish in which there was some dispute regarding the timing. The Crimsons are scheduled to return Saturday night to play for the consolation honors against Industry, defeated tonight by Rushville, 29 to 16, but it will be the last appearance of a Crimson team in Beardstown tournaments.

The Crimsons, battling for a shot against Rushville, doped by long odds to win the tournament, trailed at the end of the first quarter 7 to 4, and at the end of the first half 13 to 12. Shortly after the third quarter opened they went into a lead, and at the end of period were out in front 19 to 15.

Details of the timing facts were difficult to learn, but it was discovered that the timer's watch had been returned to zero some time during the final quarter. With only a few minutes to go, the coach inspected the watch, and then when Beardstown tied the count he looked at the watch again, which was said at that time to call for one and a half minutes to play. Beardstown broke the tie almost immediately and the gun fired shortly thereafter, with the watch showing 45 seconds more to go.

Elmer Lukeman was the main gunner, firing in 14 of the Crimsons' 21 points. Bob Hamm was the only other J.H.S. eager to register from the field. Rushville finished fast to stop Industry in the final game of the evening's session. Industry led them to the half way mark, 11-10, but couldn't match the finishing speed of the Rushville club.

Rushville and Beardstown will meet in the championship game Saturday night at 8:30 o'clock, preceded by the Jacksonville-Industry game, scheduled for 7:30 o'clock.

Title Match

Chicago—(P)—Willie Hoppe of New York, gray-haired and 48 years old, is still the boy wonder of billiards. The famed New Yorker, who has played championship billiards 29 years through three generations of sport stars, today had a lead of 28 points over Welker Cochran, San Francisco, in his challenge match for the world's three cushion billiard championship. He beat Cochran 60 to 41 in 57 innings in their opening block yesterday afternoon, and polished him off 66 to 51 in 69 innings last night.

Back in 1907 Ty Cobb was trying to keep a first year job with Detroit, before Jack Dempsey crossed a fight, or Babe Ruth had even hit a home run. Hoppe was playing championship billiards. Hoppe, still called Willie and the boy wonder, has played more billiards than any man since the game was invented.

Holder of all other championships, Hoppe has never been able to annex the three cushion crown. His greatest fame came as a balk line champion. He is a present title holder of 18.1. Hoppe seemed in a fair way today to realize his ambition in winning the three cushion title, judging from his performance in the two opening blocks of the 360 point match.

"I loved her, that's why I took her," Mansker said.

Coach Frank Walker declared here tonight after the Crimsons had dropped a heartbreaking battle with Beardstown 23 to 21. The Crimson mentor refused to state why the Crimsons would not accept any more invitations to enter the Beardstown tournament, but declared he had "enough."

His statement, made in the dressing rooms after Beardstown had overcome a four point Jacksonville lead in the last quarter to snatch the decision, followed a hectic finish in which there was some dispute regarding the timing. The Crimsons are scheduled to return Saturday night to play for the consolation honors against Industry, defeated tonight by Rushville, 29 to 16, but it will be the last appearance of a Crimson team in Beardstown tournaments.

The Crimsons, battling for a shot against Rushville, doped by long odds to win the tournament, trailed at the end of the first quarter 7 to 4, and at the end of the first half 13 to 12. Shortly after the third quarter opened they went into a lead, and at the end of period were out in front 19 to 15.

Details of the timing facts were difficult to learn, but it was discovered that the timer's watch had been returned to zero some time during the final quarter. With only a few minutes to go, the coach inspected the watch, and then when Beardstown tied the count he looked at the watch again, which was said at that time to call for one and a half minutes to play. Beardstown broke the tie almost immediately and the gun fired shortly thereafter, with the watch showing 45 seconds more to go.

Elmer Lukeman was the main gunner, firing in 14 of the Crimsons' 21 points. Bob Hamm was the only other J.H.S. eager to register from the field. Rushville finished fast to stop Industry in the final game of the evening's session. Industry led them to the half way mark, 11-10, but couldn't match the finishing speed of the Rushville club.

Rushville and Beardstown will meet in the championship game Saturday night at 8:30 o'clock, preceded by the Jacksonville-Industry game, scheduled for 7:30 o'clock.

Has 28 Point Lead at 120

Chicago—(P)—Willie Hoppe of New York, gray-haired and 48 years old, is still the boy wonder of billiards.

The famed New Yorker, who has played championship billiards 29 years

through three generations of sport stars, today had a lead of 28 points over Welker Cochran, San Francisco.

He beat Cochran 60 to 41 in 57 innings in their opening block yesterday afternoon, and polished him off 66 to 51 in 69 innings last night.

Back in 1907 Ty Cobb was trying to keep a first year job with Detroit, before Jack Dempsey crossed a fight, or Babe Ruth had even hit a home run.

Hoppe was playing championship billiards. Hoppe, still called Willie and the boy wonder, has played more billiards than any man since the game was invented.

Holder of all other championships, Hoppe has never been able to annex the three cushion crown. His greatest fame came as a balk line champion. He is a present title holder of 18.1.

Hoppe seemed in a fair way today to realize his ambition in winning the three cushion title, judging from his performance in the two opening blocks of the 360 point match.

"I loved her, that's why I took her," Mansker said.

PRESSStock Prices Up
1 To Four PointsBy Frank MacMillen
New York, Jan. 10.—(P)—Aided by the Industrialists, some of which rose 1 to 4 points, the stock market moved ahead today to its highest average level since Sept. 1931.

At its close, the market, in terms of the Associated Press average of 60 stocks, stood at 57.4, a net gain for the session of 3 of a point. Transactions totaled 2,273,370 shares against 2,096,810 on Thursday.

Wall Street analysts said the demand for stocks had behind it continued favorable news from the business front, and some quarters added a dash of inflationary sentiment owing to the passage by the House of the Soldiers' Bonus Bill.

The brisk purchase of Industrial stocks was explained by brokers largely in the light of the sharp gain in December building. The total of \$264,136,500 in contracts for the 37 states east of the Rockies reported by F. W. Dodge Corp. was the highest since July, 1931. Approximately three greater than December, 1934, the aggregate also represented a jump of 40 per cent over November.

MUBET A CLUB OF
NEW BERLIN HAS
FIVE TABLE PARTY

New Berlin—Miss Wilma Pfeiffer opened the New Year activities and the activities of the Mu Beta club Monday night with a delightful bridge party. A dessert course was enjoyed at 8:00 p. m. after which five tables of bridge were played. All members were present with two guests. Miss Mildred Long from Jacksonville and Mrs. Norwell Bergschneider of New Berlin.

At bridge Miss Effie Martin held high score, Mrs. Buena Zude, second high and Mrs. Pearl Nies, third. Twelve extra prizes were given to the holders of eighty honors through the game. An enjoyable evening was spent.

Again Lee Cox was awarded first place in the oratorical contest held by the Baptist B.Y.P.U. Union in a two days session at the Baptist church in Virden, Saturday and Sunday. He will represent the association at the state meeting to be held in April at Alton.

Miss Dorothy Eiken of Alpha is a guest of Mr. and Mrs. Harold Zude.

Mr. and Mrs. Harold Dolbow of Springfield were guests of friends here on Thursday evening.

Miss Lois Croney of Pleasant Plains was an over Sunday guest of her cousin, Miss Pauline Granjean.

Miss Lorain Osborne of Passavant hospital, took a short vacation from her duties and spent the past week here with her parents, Mr. and Mrs. W. L. Osborne.

Mrs. Mary Krais who has been in failing health for some time past, is now quite seriously ill in a Springfield hospital.

Mrs. Lillian Day of Vandalia is attending the bedside of her mother, Mrs. Nellie Larson, who is quite sick.

Wheat Values
Move UpwardBy John P. Boughan,
Associated Press Market Editor.

Chicago, Jan. 10.—(P)—Despite persistent absence of aggressive demand from millers, wheat finally moved upward today, and scored moderate all-around price gains.

House passage of the soldiers' bonus bill at Washington appeared to have an effect of making sellers of wheat futures cautious. A revival of talk of possible currency inflation that might ensue received considerable attention as a bullish factor.

Wheat closed firm near the day's top, 1-8 above yesterday's finish. May 1014-8, corn 2 off to 1 up. May 604-8, oats unchanged to 1 higher, and provisions unchanged to 15 cents advance.

Helping to lift wheat values was unlocked for strength of the Liverpool market and consequent firmness at Winnipeg. Cables emphasized smallness of European stocks and absence of any increase of world shipments so far this year. It was pointed out that Argentine shipments were only about one-fourth as large as a year ago. On the other hand, temporary recurrence of weakness in Chicago May delivery contracts acted as something of a wet blanket, together with Kansas City reports of extreme indifference of demand for immediate delivery wheat.

Prices were mostly 15 to 25 cents up when the bulk of animals were sold in Chicago, and the market closed steady to 15 cents higher. The top was \$10.25 but in late dealings the best price was \$10.10. Receipts totaled 20,000, including 12,000 direct. This run was below advance estimates and yesterday's supply but was well above Friday receipts for several months.

The cattle trade was slow with medium quality beefs and slaughter steaks steady to weak. Lower grade steers, however, were fully steady. A few odd head steers sold up to \$9.50 but there were no prime cattle on sale.

Sheep were mostly steady. The slaughter lamb top was \$10.65.

Hog Prices Are
15 To 25 Higher

Chicago, Jan. 10.—(P)—Hog prices at all major markets were higher again today with a slight drop in receipts. Declining pork prices failed to disturb the trade, the strong undertone of which was attributed to removal of the \$2.25 per hundredweight processing tax from packers' hog costs.

TURN TO WRIGLEY'S FOR REAL FLAVOR!

Loami—Mystified residents of Loami and other Sangamon county towns swarmed police and county authorities with telephone calls asking what caused a series of explosions. State game wardens later explained the noise was made by dynamite they set off to kill several thousand crows roosting in trees.

W. M. Osborne of Murrayville was a business visitor in the city yester day.

Relief Head Speaks To Brotherhood At Winchester Meeting

Guy Codding Speaker On Social Security; Other News Of Interest

Killed in Accident

Winchester, Jan. 10.—Guy R. Codding, Scott County Relief Administrator, addressed the January meeting of the Winchester Brotherhood in the dining room of the Baptist Church Thursday evening upon the subject of "Social Security." Mr. Codding was introduced by Fritz Haskell who was in charge of the program. The relief administrator discussed the development of social legislation in foreign countries and recent legislative enactments in this country. Particular emphasis was given to legislation providing for unemployment insurance and old age pensions. Mr. Codding has made a careful study of these problems which are attracting so much attention at the present time and he made many a very interesting and instructive observations relative to recent developments.

Preceding the address reports were given by four of the standing committees of the Brotherhood who are at work upon projects for the benefit of the community. Rev. F. V. Wright reported that the committee delegated to construct signs to be placed on the state highway welcoming tourists to the churches of the city, had made the signs and that they were being lettered by Miss Kathleen Hubbard. Charles E. Price, who is chairman of the committee in charge of a tree planting program for the city, reported that his committee had met and formulated plans for furthering this project. Norbert L. Hutchens reported for the committee on boys work and asked the club to approve plans for a party to be given for some 30 days, most of whom are not in the Boy Scouts. Bert Wills, chairman of the committee which is furthering a project for the beautifying and improvement of the city cemetery in cooperation with other civic groups, reported that his committee had contracted officials of the WPA and that it was likely that a WPA project would be started soon which would include the cemetery.

Child Study Club Meets

The Child Study Club, a Department of the Winchester Woman's Club, heard an address Thursday evening at the public library by Curtis E. Fullam, principal of the Winchester Grade School, on the subject of the Parent Teacher Relationship. The occasion was guest night for the organization and a large number were in attendance.

Skilled Drivers Meet

The Skilled Drivers Club held its first meeting of the new year at 7:30 o'clock Thursday evening in the farm bureau office. The meeting was devoted primarily to preparation for the District meet to be held in Jacksonville Saturday. Bob Coon will represent the Winchester club at this meet.

Plans Tournament

Plans have been completed for the 14th annual invitation Basket-Ball tournament which is sponsored by the Winchester Community High School.

The tournament trophies are on exhibition in the window of the West Side Restaurant and are a gold plated basket-ball on a pedestal for first place and a gold plated basket-ball player mounted on a victory cup for second place. The tournament will be held in evenings of January 15, 16, 17 and 18 and will include eight teams. The following assignments have been made for the tournament arrangements:

Manager—E. H. Mellon. Decorations—Miss McOmber. Concessions—Mrs. Frank Redshaw, Miss McOmber and Miss Balke. Check Room—Mrs. Fritz Haskell. Ticket Sellers—Miss Edith Witmer and George Falter.

Gym and Dressing rooms—A. H. Chapman. Timekeeper—H. B. Corrie. Information and office—Miss Louise Dawson.

Doormen—J. Riggs, J. Brown, and R. Steelman. Scorekeepers—W. Biehl and Junior Kaltzenee.

Select Personnel For Debate Teams

To Meet In Contest With Waverly High School Next Monday

Following a full practice debate between the two Jacksonville High School teams last night, Coach Harold Gibson announced the personnel of the outfit which will meet the Waverly Township High School speakers next Monday afternoon and evening in the first of the interscholastic practice debates of the season. The Crimson affirmative will be composed of Mary Butler, Bill Green and Jane Dunlap. The negative will be upheld by Ralph Dunlap, Jr., Mary Frances Gaumer and Bill Clark. The question is "Resolved: that the several states should enact legislation providing for a complete system of medical care to the citizens at public expense."

It was emphasized that this personnel is not to be taken as the final choice for the team. Others will be given a chance during the remaining debates in the practice season.

Monday afternoon the two teams will leave about 2:00 o'clock for Waverly where one of the J.H.S. teams will see action right after the close of school. Then, following the supper hour, both Waverly and Jacksonville teams will go to Franklin where the other groups will present an exhibition before an audience of Franklin High School students and teachers.

HOME FROM MARKET

M. M. Bauckham, of Andre & Andre, has returned from several days' visit to the curtain and drapery exhibit in the Furniture Mart.

Prizes were awarded to Mrs. Clarence Smith, Mrs. A. Haycraft and Mrs. Gus Kilmer.

The next meeting will be February 5th at Mrs. Georgia Wood's home.

PISGAH POTLUCK CLUB MEMBERS AT JACKSON RESIDENCE

Mrs. R. L. Jackson entertained the Pisgah Pot Luck Club at her home Wednesday. She was assisted by Mrs. James D. Heaton. Thirteen members and nine guests enjoyed the dinner. The following guests were present: Mrs. Frank Grider, Mrs. Jim Doherty, Mrs. Wm. Scott, Mrs. Leroy Jackson, Mrs. Wiley Jackson, Mrs. Wesley Spencer, Dorothy Patterson, Dorothy Smith and Eloise Patterson.

The meeting opened by singing the club song. Roll call was answered by New Year's Resolutions.

Prizes were awarded to Mrs. Clarence Smith, Mrs. A. Haycraft and Mrs. Gus Kilmer.

The next meeting will be February 5th at Mrs. Georgia Wood's home.

Killed in Accident

Donald F. Pearce Meets Death In New York Mishap

Former Local Young Man Struck By Elevator; Body To Arrive Here

Struck on the head by a descending elevator in the offices of Swift and Company, in New York City, Donald F. Pearce, 24 son of Mr. and Mrs. E. C. Pearce, 145 Pine street, this city, was instantly killed at noon Friday. His parents were notified of the tragedy by Hal S. Nevius, a cousin of the victim, who is a United States Government metal inspector at the Swift plant.

Arrangements were completed yesterday to send the remains back to his home here, where funeral services will be held Sunday afternoon. The body will arrive in E. St. Louis Sunday morning, and will be brought to Jacksonville, arriving here at noon.

The remainder of the arrangements are incomplete. Burial will be in the White Hall cemetery. The remains will leave New York this morning.

According to Mr. Nevius, Pearce was leaving the offices of the company, where he was employed in the accounting department, for his noon hour. He had just opened the door leading to the elevator when it crashed down on his head, killing him instantly.

Pearce, well known locally as a result of his athletic and scholastic work at Illinois College, and connection with the Illinois Emergency Relief Commission here for two years, went to New York in September of last year to accept a position with the Swift and Company meat packers.

Donald Pearce was born in White Hall Feb. 3, 1912, and graduated from White Hall high school with a high scholastic record, and an excellent athletic record. He was quarterback on one of the White Hall teams which won the Illinois Valley Conference championship, played on the basketball team, and was a member of the track and field team, competing in the hurdle events.

While in college, he continued to distinguish himself as a student, and was recognized as one of the campus leaders. He was elected to Osage, the honorary society for men, and served as its president in 1933-34. He also served as co-editor of the Illinois College Rambler, student newspaper, was a member of the Gamma Nu literary society, serving as its president during his senior year, and also a member of the T.C. club, winning his membership through his efforts on the football field.

He is survived by his parents, and one brother, Albert Pearce, of Robinson, Illinois. He is also survived by Mrs. Laura Pritchett, of White Hall and Mrs. A. E. Meisenbach, of St. Louis, aunts, F. V. Pearce, of Mt. Morris, an uncle, and F. C. Gosnell of this city, his grandfather.

News Notes

Funeral services for Miss Ruth Hopkins were held Friday afternoon at 1:30 at the home of her nephew Charles Cunningham, with whom she had made her home for a number of years. Rev. C. W. Andrews of Concord had charge of the services, and Mrs. L. S. Yapple and Mrs. Carl Ericson sang favorite hymns with Miss Eva Lancaster as the accompanist. Casket bearers were Andrew James, Henry and Frank Fox, Harry Wankel and Fred Gilbert. Interment was in Walnut Ridge cemetery.

Cupid seems to have been busy among Virginia couples recently, as was revealed this week when an announcement was made of the secret marriage of two local couples, both of which occurred in October.

A number of young people were entertained Thursday evening at the home of Mr. and Mrs. Russel Knight, and during the evening announcement was made of the marriage of their only daughter, Miss Betty, to Howard Webster, which occurred on Oct. 5th, 1935. Mrs. Webster is a member of the Senior class of the Virginia High School.

Mr. Webster is the son of Mr. and Mrs. Andy Webster of the Springer community. The young couple will reside at Alexander. Those present were Mr. and Mrs. Adrian Arthoony, Misses Nancy Jo Caldwell, Frances Ann Sinclair, Hazel Arthoony, Lois Thompson, Edwin Mefford, Jack Dawson, John Robert Morse, Remel Fair, Buncro furnished the entertainment of the evening and delicious refreshments were served.

Announcement was also made this week of the marriage of Albert Long, son of Mr. and Mrs. Frank Long of this city to Miss Pauline Wetherall of Beardstown, the ceremony taking place at Carlinville on Oct. 6th. The groom is employed here at Hierman's garage, and the young couple will make their home in this city.

Ernest Legue of Chicago is a visitor here.

Relief Corps Meets To Install Officers

Services Are Conducted Here Friday Afternoon For Moses Greenleaf

Largely attended funeral services were held Friday afternoon at the Reynolds Chapel for Moses Greenleaf, with Rev. Artie Vanderhorst officiating. He was assisted by Rev. Mr. McClung.

Two solos were rendered by Mrs. D. L. Hardin with Mrs. Ralph Hutchinson at the pipe organ.

The many beautiful flowers were cared for by Eloise Patterson, Jean Drury, Julia Kamm, Dorothy Patterson, Dorothy Smith, Mildred Smith, Coral Clark, Velma Leake.

The honorary bearers were Clark Stevenson, Fred Moeller, Allen Smith, Lawrence Oxley, Thomas Drury, Harold Kamm, William Scott, George Holley, J. W. Arnold, C. R. Gibson, Harry Kitter, D. L. Clark, David Shadid, of this city and M. P. Fleckinger of Springfield.

The active bearers were C. F. Corrington, Wayne Kinnett, Clifton Davis, Clyde Cox, E. E. Cantrell and Fred McKelvy.

Burial was in Diamond Grove cemetery.

Pearce, 145 Pine street, this city, was instantly killed at noon Friday. His parents were notified of the tragedy by Hal S. Nevius, a cousin of the victim, who is a United States Government metal inspector at the Swift plant.

Arrangements were completed yesterday to send the remains back to his home here, where funeral services will be held Sunday afternoon. The body will arrive in E. St. Louis Sunday morning, and will be brought to Jacksonville, arriving here at noon.

The remainder of the arrangements are incomplete. Burial will be in the White Hall cemetery. The remains will leave New York this morning.

According to Mr. Nevius, Pearce was leaving the offices of the company, where he was employed in the accounting department, for his noon hour. He had just opened the door leading to the elevator when it crashed down on his head, killing him instantly.

Pearce, well known locally as a result of his athletic and scholastic work at Illinois College, and connection with the Illinois Emergency Relief Commission here for two years, went to New York in September of last year to accept a position with the Swift and Company meat packers.

Donald Pearce was born in White Hall Feb. 3, 1912, and graduated from White Hall high school with a high scholastic record, and an excellent athletic record. He was quarterback on one of the White Hall teams which won the Illinois Valley Conference championship, played on the basketball team, and was a member of the track and field team, competing in the hurdle events.

While in college, he continued to distinguish himself as a student, and was recognized as one of the campus leaders. He was elected to Osage, the honorary society for men, and served as its president in 1933-34. He also served as co-editor of the Illinois College Rambler, student newspaper, was a member of the Gamma Nu literary society, serving as its president during his senior year, and also a member of the T.C. club, winning his membership through his efforts on the football field.

He is survived by his parents, and one brother, Albert Pearce, of Robinson, Illinois. He is also survived by Mrs. Laura Pritchett, of White Hall and Mrs. A. E. Meisenbach, of St. Louis, aunts, F. V. Pearce, of Mt. Morris, an uncle, and F. C. Gosnell of this city, his grandfather.

News Notes

Funeral services for Miss Ruth Hopkins were held Friday afternoon at 1:30 at the home of her nephew Charles Cunningham, with whom she had made her home for a number of years. Rev. C. W. Andrews of Concord had charge of the services, and Mrs. L. S. Yapple and Mrs. Carl Ericson sang favorite hymns with Miss Eva Lancaster as the accompanist. Casket bearers were Andrew James, Henry and Frank Fox, Harry Wankel and Fred Gilbert. Interment was in Walnut Ridge cemetery.

Cupid seems to have been busy among Virginia couples recently, as was revealed this week when an announcement was made of the secret marriage of two local couples, both of which occurred in October.

A number of young people were entertained Thursday evening at the home of Mr. and Mrs. Russel Knight, and during the evening announcement was made of the marriage of their only daughter, Miss Betty, to Howard Webster, which occurred on Oct. 5th, 1935. Mrs. Webster is a member of the Senior class of the Virginia High School.

Mr. Webster is the son of Mr. and Mrs. Andy Webster of the Springer community. The young couple will reside at Alexander. Those present were Mr. and Mrs. Adrian Arthoony, Misses Nancy Jo Caldwell, Frances Ann Sinclair, Hazel Arthoony, Lois Thompson, Edwin Mefford, Jack Dawson, John Robert Morse, Remel Fair, Buncro furnished the entertainment of the evening and delicious refreshments were served.
